## New Book Spotlight

“Lewis Carroll, author of the classic book *Alice’s Adventures in Wonderland*, secretly recorded the true story of his actual travels to Wonderland in four journals which have been lost to the world . . . until now. Celia and Tyrus discover the legendary Lost Diaries of Wonderland and fall into a portal that pulls them into the same fantasy world as the White Rabbit and the Mad Hatter. However, Wonderland has vastly changed. Some of the characters that Tyrus remembers from the book have been transformed into angry monsters.” – J.Scott Savage
